

Third-Party Data Center Locations

The locations listed below represent an initial set of 70+ third-party data centers across 16 major U.S. metro markets where Lumen has enabled high-capacity Ethernet and IP services, including speeds up to 400G on a case-by-case basis. These facilities are part of Lumen's broader global data center ecosystem, which connects more than 2,200 third-party data centers worldwide. Additional third-party data centers and metro markets are expected to be enabled in the future as Lumen continues to expand high-capacity connectivity across its network.

400G Port* / 400G Service* - 100G Port / 100G Service - 10G Port / 10G Service
