

Adaptive Network Security (ANS)

Privacy Data Sheet

This Privacy Data Sheet describes the Processing of Personal Information by Adaptive Network Security (the "Service"). The Service helps address business challenges by providing monitoring and alerting of internet-based threats to help protect Users, websites, or critical applications on the internet. Lumen provides the Service directly to its Customers for use by Customers and Customers' End Users. Lumen may Process Personal Information Customers provide regarding Customer and End Users in the course of providing the Service.

Types of End User Personal Information

End User Personal Information may include (depending upon Customer configurations):

- IPv4 and IPv6 (source/destination)
- NetFlow data such as Port ID, and packet sizes
- Interactions with known malicious sites that have been determined using threat intelligence, GeoIP, clickstream data, threat metadata
- Domain names

Purpose of Processing

Necessary to provide the Service, comprehend Customer's needs, optimize the Service, and provide Customer reports

Authorized Personnel with Access

- **Lumen:** To troubleshoot and support the Service through the Control Center Portal
- **Customer:** Through the Control Center Portal with access limited only to that Customer's End User information
