1.0 QWEST NON-DOMESTIC NETWORK PROVIDERS

All Qwest international services will be provided to Agencies in the context of a consistent service delivery and assurance environment. Qwest will be responsible for all service delivery, including service ordering, notifications, acknowledgements, and service assurance functions like repair, configuration management, and trouble handling. The table in [REDACTED] is illustrative and does not reflect all of the CLIN-level detail present in Qwest's response for pricing.

Qwest has forged strategic alliances with [REDACTED] carriers to meet Networx requirements. Outside of our "On Net" footprint, Qwest will leverage its relationships with [REDACTED] [REDACTED] These carriers currently provide service to the Government in many countries throughout Europe, Asia, Africa, and the Americas.

Qwest has also negotiated long term agreements that have a direct correlation to the Networx effort. [REDACTED]
