

**CENTURYLINK MASTER SERVICE AGREEMENT
LEVEL 3® ENTERPRISE VOICE SIP BASED SERVICES
SERVICE SCHEDULE**

1. Applicability. This Service Schedule applies to the SIP-based provisioning of Level 3® Enterprise Voice Services as described herein ("Services") and incorporates the terms of the Master Service Agreement under which Level 3 provides Services to Customer (the "Agreement"). This Service may be referred to as Voice Complete, SIP Trunking, Enterprise SIP Trunking, SIP Service, E-SIP Service, VoIP 19, IP LD/TF Voice, VoIP Service, VoIP Local Service, VoIP Outbound Service, VoIP Toll Free/Freephone Service, VoIP International Toll Free Service ("IFN" and "UIFN"), Outbound Long Distance, FlexVoice, and Toll Free/Freephone Service in quotes, ordering and invoicing or other service related documentation.

2. Service Offerings. The Services are available only to single, distinct enterprises who will utilize the Service for customary, normal, and reasonable business use within such enterprises. These Services may not be resold or bundled into Customer's offerings for sale to Customer's customers. Telephony equipment and applications are not provided as part of the Service and are Customer's responsibility, including but not limited to handsets, phone sets, key systems, PBXs, IP PBXs and server based applications.

- Voice Complete is the SIP-based provisioning of inbound local calling and toll free/freephone capabilities and outbound local, domestic, national, and international calling capabilities. Customers use concurrent call paths ("CCPs") each of which enables a single call to be carried across the network. CCP capacity provided in association with Voice Complete can be used in a shared manner across multiple Customer locations.

- SIP and Enterprise SIP or E-SIP Service is the SIP-based provisioning in the United States only of inbound local and toll free calling capabilities and outbound local and long distance calling. This Service is only available for provisioning to Customers with 2 or fewer locations in the United States. CCP capacity provided in association with E-SIP can be used in a shared manner across two Customer locations.

- VoIP 19 or IP LD/TF Voice or VoIP Service is the SIP-based provisioning of international toll free services including international free number ("IFN") and universal international free numbers ("UIFN"), international local inbound ("ILI"), optional SIP call transfer capability ("SIP Refer"), and long distance outbound calling capability. No local outbound calling capability is provided. Customers use simultaneous sessions each of which enables a single call to be carried across the network. Simultaneous session capacity is dedicated to a location and cannot be shared between locations.

- FlexVoice provides up to 50 CCPs. It can only be provisioned in the United States for inbound local, toll free calling capabilities, outbound local, and long distance calling.

3. Rates, Charges, and Commitments.

A. General. Customer shall pay the rates and charges for the Services, including but not limited to monthly recurring charges ("MRCs"), usage charges (per call, per minute, etc) and associated billing increments, and non-recurring charges ("NRCs") as set forth in a rate sheet, as the same may be changed as set forth herein (the "Rate Sheet"). If Customer is not provided a rate for a particular location and Customer originates and/or terminates calls to that location, Customer will be billed Level 3's standard usage rate for those calls at the standard minimum call durations and billing increments. Additional charges for certain activities and/or features related to the Services hereunder are captured in the Rate Sheet as ancillary fees or feature charges. The Term identified in the Rate Sheet is the "Service Term" for such Services. Notwithstanding anything to the contrary in the Agreement, billing and Service Term for the Services will commence upon the earlier of the Connection Notice or Customer's use of such Service. For clarity, if Customer uses the Services prior to the Connection Notice, Customer will be billed and shall pay for billable usage and the full quantity of associated utilized MRC-based Services.

National calls may be billed on a usage basis as measured (per minute or increment thereof) or per call, as set forth in the Rates. Such calls may also have a call minimum charge, which means Customer will be charged the higher of the call minimum charge or Customer's actual per minute charges per call.

Usage charges are based on actual usage of Service based on a call duration that begins when the called party answers, as determined by answer supervision, and ends when either party disconnects the call.

Some pricing plans may provide for zero-rated usage for calls that originate and terminate between Customer's enterprise locations which are included under a dedicated pool of CCP capacity ("Intra-enterprise") as identified on the Rate Sheet or Order.

SIP Refer calls may be billed for 2 call flows (inbound and outbound).

If Customer redirects IFN or UIFN calls to a destination that is outside the continental United States, Hawaii and Canada, then the outbound portion of all such calls will incur charges at the rate(s) identified for international termination as set out in the Rate Sheet.

If set forth in the Rate Sheet, a Call Minimum Charge means the minimum charge per call that Customer will incur regardless of the lesser number of actual minutes/seconds. Customer will be charged for the higher of the Call Minimum Charge or Customer's actual per minute call duration

**CENTURYLINK MASTER SERVICE AGREEMENT
LEVEL 3® ENTERPRISE VOICE SIP BASED SERVICES
SERVICE SCHEDULE**

In addition to such minimum commitments as stated herein or in the Agreement, the Enterprise SIP Services may be subject to a minimum commitment(s) (also called Minimum Usage Guarantees or "MUG") which will be set forth in the Rate Sheet(s) and/or Customer Order(s). For such Service(s) with a minimum commitment ("Committed Service"), commencing on the first full billing cycle following the Ramp Period (defined herein) for such Committed Service and continuing through the longer of (i) the Pricing Term or (ii) as long as Customer continues to receive such Committed Service, Customer commits each month to use the Committed Services to amount to charges no less than the minimum commitment or MUG in monthly invoiced Aggregate VRC Charges (the "Revenue Commitment"). "Aggregate VRC Charges" shall mean the charges on an invoice for (i) the monthly recurring charges and usage charges for the Committed Service and (ii) such other charges for non-voice services as may be expressly set forth in the Revenue Commitment. The Revenue Commitment is a take-or-pay commit: Customer shall pay the higher of (i) Customer's actual invoiced Aggregate VRC Charges (and, if agreed applicable, other non-voice charges) or (ii) the Revenue Commitment. Customer is obligated for 100% of the Revenue Commitment and is not responsible for any separate cancellation or early termination charges for Committed Service (but shall be responsible for any separate cancellation or early termination charges for other non-voice services and local access services). For purposes herein, the "Ramp Period" shall mean the period commencing on the Service Commencement Date and expiring on the date of the second Level 3 invoice for which the Service is billed.

B. Voice Complete Pricing Plans. Voice Complete pricing is Concurrent Call Path (CCP) based. Customers subscribing to the Service will select either the 1) standard plan, CCP + measured (rate per minute, call minimum, call set-up for all usage), or 2) a CCP plan that includes up to pre-defined number of minutes of national usage to a subset of pre-defined destinations per CCP. CCP Plan minutes will be aggregated across all CCPs, providing Customer with one pool of minutes. CCP plans which include a pre-defined number of minutes will be charged in accordance with the rates in the Rate Sheet for any calls in excess of such minutes. Any unused minutes will not carry over to the next month. If an optional pre-paid minute plan ("PPM Plan") is available and ordered by Customer, Customer may purchase, in advance, a bucket of minutes to a pre-defined set of destinations. For billing purposes, should Customer order both a CCP Plan inclusive of minutes and a PPM plan, Level 3 will first decrement the CCP Plan minutes and then the PPM Plan minutes. Level 3 reserves the right to add destinations to the CCP or PPM plans or modify or remove CCP Plans or PPM Plans because of regulatory and/or 3rd party cost changes, with 30 days' advance written notice.

C. Surcharges. In addition to taxes, fees and surcharges set forth in the Agreement, Rate Sheet and/or Order, Customer agrees to pay the following surcharges, where applicable, in connection with the Services:

Short Duration Call Surcharge. For any Service provided under the North American numbering plan (NANP), if the average call duration as determined over a billing month for Customer's (i) outbound calls is less than 30 seconds or (ii) toll free calls is less than 90 seconds, then an additional charge of .01 per call shall be applied to all outbound long distance and toll free calls in that billing cycle month. For the purpose of this provision, average call duration shall be calculated by dividing the aggregate duration of all calls of a particular Service type (i.e. long distance or toll free) by the total number of calls of that type under a specific billing account during the billing cycle month.

PIC Long Distance Service Charges. For SIP, E-SIP and FlexVoice Services provided under the North American Numbering Plan ("NANP"), Customer shall pay the following PIC Long Distance Service charges, as applicable:

i. **Unauthorized PIC Change.** An unauthorized carrier change charge as defined on the Rate Sheet may be applied to each primary interexchange carrier ("PIC") change made without prior valid authorization. Repeated unauthorized PIC change requests by Customer may result in discontinuance of services by Level 3.

ii. **PIC Change Charge.** Level 3 may elect to assess Customer a PIC change charge if an end user's automatic number identifier ("ANI") is changed from one interexchange carrier ("IXC") to another.

iii. **Carrier Line Charge or Primary Interexchange Carrier Charge ("PICC").** Level 3 may assess Customer a carrier line charge for lines moved from an IXC to Level 3.

4. Rate Changes and Termination Right.

A. Rate Changes. Rates, charges and other pricing terms may be subject to change during the term for which the Services are to be provided by Level 3 to Customer. Level 3 may send to Customer a notice changing rates, charges or other pricing terms as set forth herein, in a Rate Sheet and/or Order which may be provided as a bill insert message with Customer's invoice or other written notification, including to an e-mail address as set forth herein (a "Rate Change Notice"). Customer's e-mail address for purposes of Rate Change Notices hereunder is: {_____}. The rates or changes set forth in such Rate Change Notifications shall take effect as stated therein but no sooner than 30 days following such Rate Change Notice.

B. Limited Termination Right Related to Rate Changes. On receipt of Rate Change Notice, Customer may elect to terminate the Service provided under this Service Schedule without obligation other than to pay (i) all charges already incurred in respect of the Service up to the effective date of such termination (including as adjusted via Rate Change Notice) and (ii) any third party early termination charges incurred by Level 3 in terminating any local access circuits provided to the Customer as part of the Service which are terminated under this Section.

**CENTURYLINK MASTER SERVICE AGREEMENT
LEVEL 3® ENTERPRISE VOICE SIP BASED SERVICES
SERVICE SCHEDULE**

5. Scope of Level 3 Agency. In the provisioning of telephone numbers and/or in porting activities, Level 3 is authorized to act as Customer's agent in placing orders with other carriers in order to provide telecommunications services, if requested by Customer. Customer will provide letters of agency or authority as needed to effectuate such authority, if required.

6. Restrictions.

A. No Resale. Notwithstanding anything to the contrary in the Agreement, the Service is a retail only service, resale of the Service in any form is strictly prohibited, and Customer may not resell or incorporate these Services into services it sells to third parties. This provision may only be changed by amendment to this Service Schedule executed by authorized parties for Customer and Level 3, no less formal consent will be binding.

B. No Non-Conforming Uses. The Service may not be used by Customer (i) to provide voice content related services such as chat lines; (ii) in connection with auto dialer applications, predictive dialers, calls to NANP 900 or 976 or similar area codes or prefixes, broadcast fax transmissions, or any other application that generates more than 10 calls per second, (iii) in connection with call center applications, and (iv) in conjunction with least cost routing (LCR) mechanisms. Use of the Service in violation of this Service Schedule is a "Non-Conforming Use". In addition to Level 3's other default rights, in the event of a Non-Conforming Use, Customer shall be liable for the difference between the rates for conforming use and the higher rates which Level 3 would have applied for Non-Conforming Use. In addition, if in Level 3's reasonable judgment (i) Customer's usage disproportionately terminates to and/or originates in high cost areas or international cell phones or (ii) Customer is using the Service for Non-Conforming Uses, Level 3 may provide Customer with 3 calendar days' notice to modify traffic to correct its usage and if Customer fails to modify its traffic or correct usage as requested by Level 3, Level 3 reserves the right to immediately adjust usage rates to such rate set forth in the notice or immediately terminate the Services. Customer shall remain liable for all usage charges incurred prior to such termination and also for any commitments through the end of the Term on the Rate Sheet. Customer will indemnify Level 3 from any claims arising as a result of any Non-Conforming Use.

7. Traffic Integrity. Customer shall not: (1) re-classify or re-originate traffic or take any other action to make traffic appear as if it: (i) is anything other than the type of traffic delivered to Customer or (ii) originated from a place or on a type of equipment different from the place or type of equipment from where it, in fact, originated; or (2) modify, alter or delete in any manner calling party number information, originating point codes or any other signaling information, or call detail in connection with the transport and termination of traffic to the called party. Upon Level 3's request, Customer shall certify in writing its continued compliance with this Section.

8. Fraudulent Calls and Unsupported Calls. Customer shall be responsible for paying Level 3 for all charges for Service, even if incurred as a result of fraudulent or unauthorized use. Level 3 may, without liability, take immediate action to prevent calls which are not supported by the Service, which may harm Level 3's network or are fraudulent or suspected to be fraudulent, including without limitation, by denying Service to particular automatic number identifiers (ANIs) or terminating Service to or from specific locations. In the event Customer discovers or reasonably believes fraudulent calls being made, Customer shall notify Level 3 as soon as possible at +1-800-348-5457 or FraudOperationsNA@Level3.com.

9. Service Levels.

The following Service Levels apply only if Customer is the end-user of the Enterprise SIP Service and purchases either Level 3 Internet or Level 3 IP VPN Service (as applicable). If Customer purchases the Service as a Converged Service bundle (i.e. in the United States, specifically with Level 3 MPLS Services or Level 3 Internet Services), the separate service levels under those separate Service Schedules apply in lieu of the Service Levels below.

A. Availability Service Level. The Availability Service Level for this Service is 99.9% per month for Level 3 Internet Service use and 99.99% for Level 3 IP VPN use. Service is considered "Unavailable" if Customer is unable to initiate outbound or receive inbound calls for reasons other than an Excused Outage. An Unavailability event is measured from the time Customer opens a trouble ticket with Level 3 until the affected Service is restored. Customer will be entitled to a service credit off of the monthly recurring charge ("MRC") for the affected Service based on the cumulative Unavailability of the affected Service in a given calendar month as set forth in the following table:

Internet - Cumulative Unavailability (in hrs:mins:secs)	Service Level Credit (% of MRC)
00:00:01 - 00:43:00	0%
00:43:01 - 02:00:00	5%
02:00:01 - 04:00:00	15%
04:00:01 +	25%

**CENTURYLINK MASTER SERVICE AGREEMENT
LEVEL 3® ENTERPRISE VOICE SIP BASED SERVICES
SERVICE SCHEDULE**

IP VPN - Cumulative Unavailability (in hrs:mins:secs)	Service Level Credit (% of MRC)
00:00:01 - 00:05:00	0%
00:05:01 - 04:00:00	5%
04:00:01 - 08:00:00	15%
08:00:01 +	25%

B. Chronic Outage. As its sole remedy, Customer may elect to terminate any affected Service prior to the end of the Term without termination liability if the Service is Unavailable (as defined in subpart 9A immediately above) for more than 60 consecutive minutes in each of 3 consecutive calendar months, or for more than 24 hours in the aggregate in any calendar month. The termination right must be exercised within 30 days of the event giving rise to it.

10. Third Party Access Provided by Level 3. Level 3 provides local access circuits (via third party providers) pursuant to the Rate Sheet only for Customer's use in connection with the Service provided under this Service Schedule. Where Customer's usage of such local access circuits falls below the minimum usage level set out below in 2 consecutive monthly billing cycles, then, notwithstanding any pricing otherwise agreed with Customer, Customer agrees to pay the charge(s) set out below in addition to any other charges payable in respect of the Service.

Local Access Circuit Type	Minimum Usage Level	Additional Monthly Charge
T-1	30,000 minutes per month	\$300
E-1	30,000 minutes per month	\$375
DS-3	500,000 minutes per month	\$8,500

If Level 3 notifies Customer of an additional charge pursuant to the previous paragraph, Customer may, by written notice, elect to terminate the applicable local access circuit, provided that if Customer elects to so terminate a local access circuit within the Service Term for which it was initially ordered, Customer agrees to reimburse Level 3 for any early termination fees levied on Level 3 by the third party provider of that local access circuit.

11. Additional Service Specific Terms.

A. Voice Complete and SIP Service

(i) Mobility Feature Pack. Subject to the limitations described in this Schedule, and subject to availability, Voice Complete Service may be used to serve remote worker applications. Users with the Mobility Feature Pack provisioned on their primary telephone number may originate and receive calls when away from the primary service location, as though they were physically present on the corporate LAN/WAN. For telephone numbers with Mobility Feature Pack provisioned, end users can utilize such mobility capabilities from locations with functioning broadband Internet access and PSTN telephone access. Additionally, call forwarding and remote office features, which enable the use of any PSTN phone for inbound and two-way telephone use, respectively, are included in the Mobility Feature Pack and can be used to support switched based toll-free/freephone service.

(ii) Emergency Calling Capability. Level 3 will provide Emergency Calling capability with SIP Service, FlexVoice and Voice Complete as required by law. "Emergency Calling" means the ability through the dialing of the relevant emergency numbers in a jurisdiction (e.g. 911, 999, 112) to reach emergency response services associated with the address loaded in the relevant databases, subject to each party's obligations and the limitations hereunder. Level 3's liability for Emergency Calling related claims is limited and/or disclaimed to the fullest extent allowed by law.

a. PLEASE READ THE INFORMATION BELOW ABOUT EMERGENCY CALLING CAREFULLY. BY USING AND PAYING FOR THE SERVICE, CUSTOMER ACKNOWLEDGES AND AGREES TO ALL OF THE INFORMATION BELOW REGARDING THE LIMITATIONS OF THE SERVICE WITH REGARD TO EMERGENCY CALLING SERVICES, AND THE DISTINCTIONS BETWEEN SUCH SERVICE AND TRADITIONAL WIRELINE EMERGENCY CALLING.

In particular, please note that Customer will not be able to conduct traditional wireline Emergency Calling in the event of:

- a power outage;
- a loss of connectivity to the internet;
- delays in making a registered location available in the relevant databases or service records; and
- Customer's use the phone at a location other than the established fixed, primary location as determined by Level 3's service records commonly known as "nomadic" use unless and until the Customer provides an updated accurate current user location and the same has time to be loaded into the appropriate databases.

**CENTURYLINK MASTER SERVICE AGREEMENT
LEVEL 3® ENTERPRISE VOICE SIP BASED SERVICES
SERVICE SCHEDULE**

Customer acknowledges that Level 3 has advised that the Service does not support Emergency Calling in these instances. Customer undertakes to advise all individuals of this limitation who may have occasion to place calls using this Service, and is advised to provide labels or stickers setting out the appropriate warning information on Customer devices (for the United States, labels for Customer's placement on devices are attached hereto as Attachment A). Notwithstanding anything in the Agreement, no indemnification obligations of Level 3 shall apply with respect to any Emergency Calling capabilities provided by Level 3. Level 3 shall have no liability for any failure to provide Emergency Calling except liability that arises as a direct result of Level 3's gross negligence or willful misconduct.

b. Customer is responsible for assuring that user locations are up to date by providing correct and current address information to Level 3 (hereinafter "Registered Location" but also known as "Automatic Location Identification" or "ALI" in North America and calling line identifier "CLI" in Europe) to Level 3. Customer and its end users shall provide Level 3 with such information conforming to any national numbering schemes or regulatory requirements applicable at the point of interconnection with the Level 3 network. Customer is responsible for updating the Registered Location information for each user on a timely basis in response to changes in location via a Customer facing portal supplied by Level 3 or by calling Level 3 Customer Care. Customer understands that updates to a user's Registered Location information do not occur immediately upon providing such data to Level 3.

c. Customer will provide the initial Registered Location for each user contemporaneously with the execution of its order for the Service. Customer must provide Registered Locations to Level 3 in a form compliant with prevailing regulatory requirements. Level 3 will notify the Customer of any system rejected, unrecognized, or unverifiable Registered Location information, and Customer must promptly resubmit corrected Registered Location information. Failure to provide accurate Registered Location information may delay activation of telephone numbers. Customer acknowledges and understands that failure to provide the current and correct Registered Location related to physical address and location will result in any emergency calls made by Customer failing to properly route and/or being routed to the incorrect local emergency service provider.

d. It is the Customer's responsibility to understand the local jurisdictional laws that pertain to them in regards to Emergency Calling requirements and compliance obligations, including but not limited to the requirements regarding the level of detail to be provided related to Registered Locations. Level 3 specifically disclaims any such obligation.

e. If Customer subscribes to Lync 911 service (which is only as available in the United States), Customer acknowledges that Level 3 does not store Registered Location information and relies upon information provided in the Lync 911 call flow as result of Customer's proper configuration of the location information server ("LIS") to route Emergency Calls. Customer is solely responsible for set up of the LIS and assuring location information is loaded, accurate and updated.

f. For Customers that deploy their own MLTS (i.e., PBX) or comparable equipment:

(i) Some jurisdictions impose specific requirements on MLTS operators. Customer is responsible for complying with any and all such obligations. Customers in California must download and review the brochure at <http://www.calphoneinfo.com/WorkArea/DownloadAsset.aspx?id=419>.

(ii) Level 3's Services are configured to provide Emergency Calling service only for telephone numbers that Level 3 has assigned to the Service. If Customer programs telephone numbers from another provider into Customer's MLTS, Customer is responsible for coordinating with the other provider to deliver Emergency Calling for that provider's telephone numbers.

g. Customer will indemnify Level 3 and its affiliates from any claims that arise as a result of Customer's failure to advise end users of the limitations set forth herein and for claims that arise as a result of Customer's failure to perform its obligations hereunder.

h. In the event that Emergency Calling limitations or requirements different than those stated herein are, in Level 3's reasonable opinion, necessary or advisable based on Level 3's interpretation of currently evolving Emergency Calling laws, rules and regulations, Customer agrees to negotiate modifications to this Section as requested by Level 3, and if agreement respecting the same cannot be reached, Level 3 may terminate the Service and this Agreement without liability.

i. Other Jurisdictions. Country- specific additional emergency calling terms may be required and will be added to this Agreement upon Level 3 request.

B. Toll Free/FreePhone Service, VoIP IFN and UIFN Service.

(i) **Ownership of Telephone Numbers.** Level 3 is the party responsible (aka responsible organization) for Toll Free/FreePhone Numbers. In the event that Customer seeks to change such designation, Customer represents and warrants that it has all necessary rights and authority necessary to do so and will provide copies of letters of authority authorizing the same upon request (and in the format requested by Level 3). Customer shall indemnify Level 3 and its affiliates from any third party claim related to or arising out of any such change (or request for such a change).

(ii) **Porting, Number Availability and Other Restrictions.** Porting by Customer of Toll Free/FreePhone Numbers pursuant to this Section shall not relieve Customer of its obligations under any Commits. Level 3 does not guarantee the availability of any requested Toll Free/FreePhone, IFN or UIFN Toll Free number and is not bound by any verbal confirmation to Customer of Toll Free/FreePhone number availability. Customer may not reserve or activate such a Toll Free/FreePhone number for the

**CENTURYLINK MASTER SERVICE AGREEMENT
LEVEL 3® ENTERPRISE VOICE SIP BASED SERVICES
SERVICE SCHEDULE**

purpose of selling, brokering, or releasing the Toll Free/FreePhone number to another person for any fee or other consideration. Customer may not use numbers to run contests, campaigns, or voting or other applications that may result in usage surges, heavy traffic or network congestion. Level 3 may, without liability, block any Toll Free/FreePhone number having usage surges or heavy traffic loads as determined by Level 3. If Customer does not submit a written request for the appointment of a new carrier for its Toll Free/FreePhone number(s) within thirty (30) days of termination of Service, then the number(s) will be returned to the independent administrative agency for reassignment. If at the time of cancellation or termination of Toll Free/FreePhone services, Customer owes an outstanding balance (30 days or more), then Customer's Toll Free/FreePhone number(s) shall not be released to another carrier or provider. Customer acknowledges that (i) IFN or UIFN numbers may be owned by an in-country telephone provider and not the Customer or Level 3, (ii) that the supply of numbers by such provider or regulatory authority may be conditional upon Customer furnishing information, letters or other documentation and (iii) that the provider may deny the granting of a specific number and/or discontinue service related to a specific number if they do not approve of the manner or purpose for which it is used. If Customer wishes to transfer service in respect of Toll Free/FreePhone numbers provided by Level 3 to another carrier and the applicable provider or other regulatory authority supports portability of the applicable numbers, Customer should continue active service with Level 3 until Customer's new carrier confirms that service has been transferred to avoid disruption of service. After transfer of service Customer will need to cancel service with Level 3.

(iii) **Multiple Carrier Routing for US Toll Free Numbers.** Customer agrees that if a US Toll Free number has multiple carrier routing capability whereby the traffic may go to Level 3 and another carrier, Level 3 will receive a minimum of 20% of the traffic for that Toll Free number each month or Customer will be assessed a make-up-to minimum charge equal to the difference between 20% of the total traffic for the Toll Free number expressed in US Dollars and the amount that Level 3 received. If Customer overflows or re-routes a dedicated Toll Free call to a switched telephone number for termination, switched voice rates will apply to such call.

12. Latin American Services. With respect to Services provided in Latin America, Customer agrees that it (or its local Affiliate) will enter into a separate local country addendum/agreement (as approved by local authorities) ("LCA") with the respective Level 3 Affiliate which provides the local Service(s), containing terms necessary to comply with local laws/regulations, and such Level 3 Affiliate will invoice the Customer (or its local Affiliate) party to the LCA for the respective local Service(s).
