Lumen® Network & Security Bundles

Network and security solution bundles to help protect your enterprise from cyberattacks

Lumen is now offering a unified Network and Security Solution with a Managed Services experience at simplified bundle pricing. Our new Lumen Network & Security Bundles include our award-winning[1] Secure Access Service Edge (SASE) solution with industry-leading network security technology from Fortinet, integrated with Lumen's highly connected, worldwide Internet backbone.

Lumen network and SASE with Fortinet are protected by Black Lotus Labs® threat intelligence. Black Lotus Labs® uses unmatched visibility from the Lumen Internet backbone to proactively monitor and mitigate malicious activity, helping to protect the network and keep your Internet connectivity clean.

Network and Security Features

Next-Generation Firewalls (NGFW) Full visibility and threat protection for any edge at scale. Combine deep inspection and advanced techniques to maintain secure connections and end-to-end security protection for users, devices, applications and data.

SD-WAN Flexible, fast & scalable software-defined approach to managing and securing your WAN.

Zero Trust Network Access (ZTNA) Shift from implicit to explicit trust by creating application-specific level access, while providing IT control and visibility into who and what is connected to your network (optional add-on).

Professionally managed service by Lumen employees.

Threat intelligence from Fortinet FortiGuard Lab and Black Lotus Labs® automatically deliver up-to-date cyber threat intelligence.

Centralized management, reporting & analytics Lumen SASE includes automation tools.

All Packages Include:

- Lumen® Dedicated Internet Access
- Fortinet FortiGate premise device
- SASE capabilities: SD-WAN & NGFW

Design Consultation:

- Best Practices Assessment
- Custom Design and Configuration
- Streamlined Security Policies

Solution Orchestration:

- Dedicated project management for SASE security implementation.
- Coordinated delivery and turn-up of network and security services.

Bundle Pricing:

Bundle	DIA BW*	Device	MRC**
Premium	GigE	FG 100F	$1180
Plus	500 Mbps	FG 60F	$856
Essentials	100 Mbps	FG 40F	$619
Essentials	50 Mbps	FG 40F	$569

5 site minimum
*On-net pricing shown – Offnet pricing available
**Monthly Recurring Pricing (MRC) with 36-month term

Rate available to qualifying business customers purchasing new Lumen SASE and DIA services in one eligible U.S. on-net location and requires a 36-month term agreement. Rate includes port, access and logical service for non-burstable DIA, SASE pro-managed service, single device and one each SD-WAN and security license. Rate excludes installation, optional add-ons, building extensions, construction charges, taxes and fees which are all additional charges. Early termination fees will apply as set forth in customer's agreement. Customer must remain in good standing and rate may terminate if customer changes their account in any manner including, but not limited to, their service location. Services not available everywhere. Lumen may change, cancel, or substitute offers and services, or vary them by service area at its sole discretion without notice. Credit approval and deposit may be required. Offer may not be combined with other offers. Additional restrictions, terms and conditions apply. Listed bandwidth varies due to conditions outside of network control, including customer location, equipment, access through a wireless connection, and is not guaranteed.
