

Lumen NaaS solutions integrated with Equinix Fabric at Equinix data center locations

Lumen is working with Equinix to provide its data center customers with access to Lumen® NaaS (Network-as-a-Service), which enables secure, flexible network connections in minutes. Refer to the next page for detailed information on specific locations and availability. Equinix is a global digital infrastructure leader, interconnecting leading companies in industries such as finance, manufacturing, retail, transportation, government, healthcare and education.
