

Cloud-based collaboration is the future for hybrid workplaces

Make collaboration possible - anytime, anywhere

Businesses looking to drive growth with a hybrid workforce are making the switch to pay-as-you-go cloud-based solutions that power collaboration.

87%

of workers now work from home, 21.4% of employers plan to require a return to the office when safe to do so¹ (12.4% full time, 9.0% part-time).

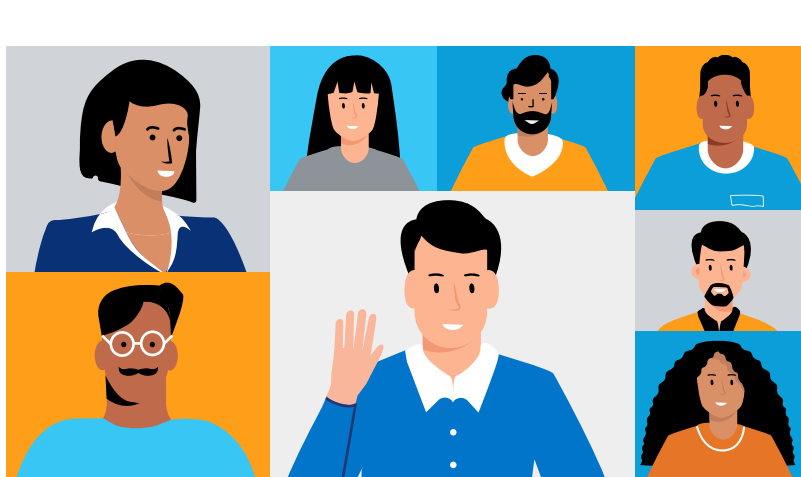

More than 50%

By 2023, more than 50% of large organizations will connect to cloud providers using direct cloud connectivity from their WANs, up from 10% in 2019.²

74%

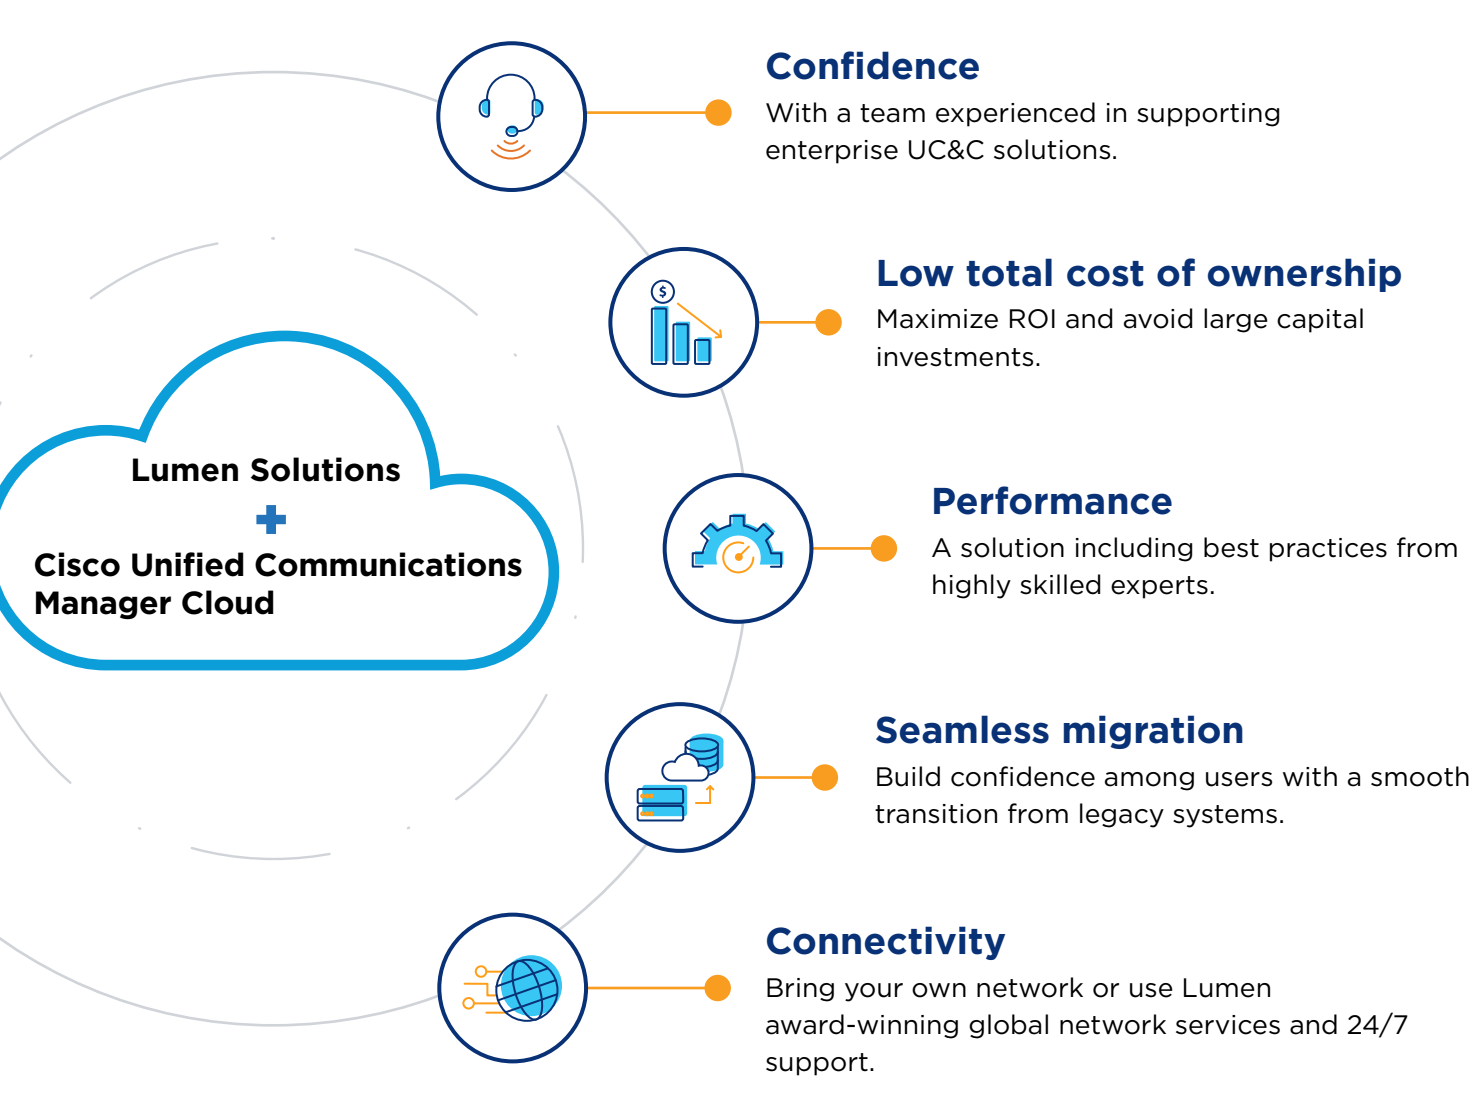

By 2024, 74% of the new unified communications licenses purchased by organizations will be cloud-based, up from 48% in 2019.²
