#WFH isn’t going anywhere

Use a single UC&C provider to optimize productivity and efficiency

Whether organizations are looking to keep their people at home or start to transition back to the office, a hybrid between home and office is here to stay. The benefit of using a single provider to help with all your collaboration and remote work needs is now more crucial than ever.

A single provider? Here’s why.

The Lumen Platform for productivity.

According to IDC: users of Lumen’s Voice and UC&C can generate:

- 28% Operational savings
- 39% Increase in application utilization
- 44% Noting of collaboration functionality by employees
- 29% Increase in employee productivity

Projected ROI of $3.41m in just five years

According to Nemertes: single provider strategies deliver measurable success. Enterprises using Lumen’s integrated UC&C applications and network services reported an improved value chain of productivity and revenue:

<table>
<thead>
<tr>
<th>Rating of collaboration technology by employees</th>
<th>Employee productivity</th>
</tr>
</thead>
<tbody>
<tr>
<td>29%</td>
<td>28%</td>
</tr>
</tbody>
</table>

We switched to Lumen to reduce cost, improve disaster recovery, and consolidate vendors.

Lumen delivers solutions focused on user experience that clearly drive positive outcomes for clients.”

“The more seamless you can make people’s working experience, the more time they can dedicate to supporting real business aims, rather than admin.”

Lumen clients across industries have their say on single provider UC&C.

Lumen fulfilled our need for global scalability and reliability.
