

Cloud-based collaboration is the future for hybrid workplaces

Collaborate virtually anytime, anywhere with anyone

Businesses looking to drive growth with a hybrid workforce are making the switch to cloud-based solutions that power collaboration.

81%

of workers would prefer not to go back to the office at all or have a hybrid schedule going forward.¹

37%

of companies expect long term or permanent increases in spending on work from home strategies.²

56%

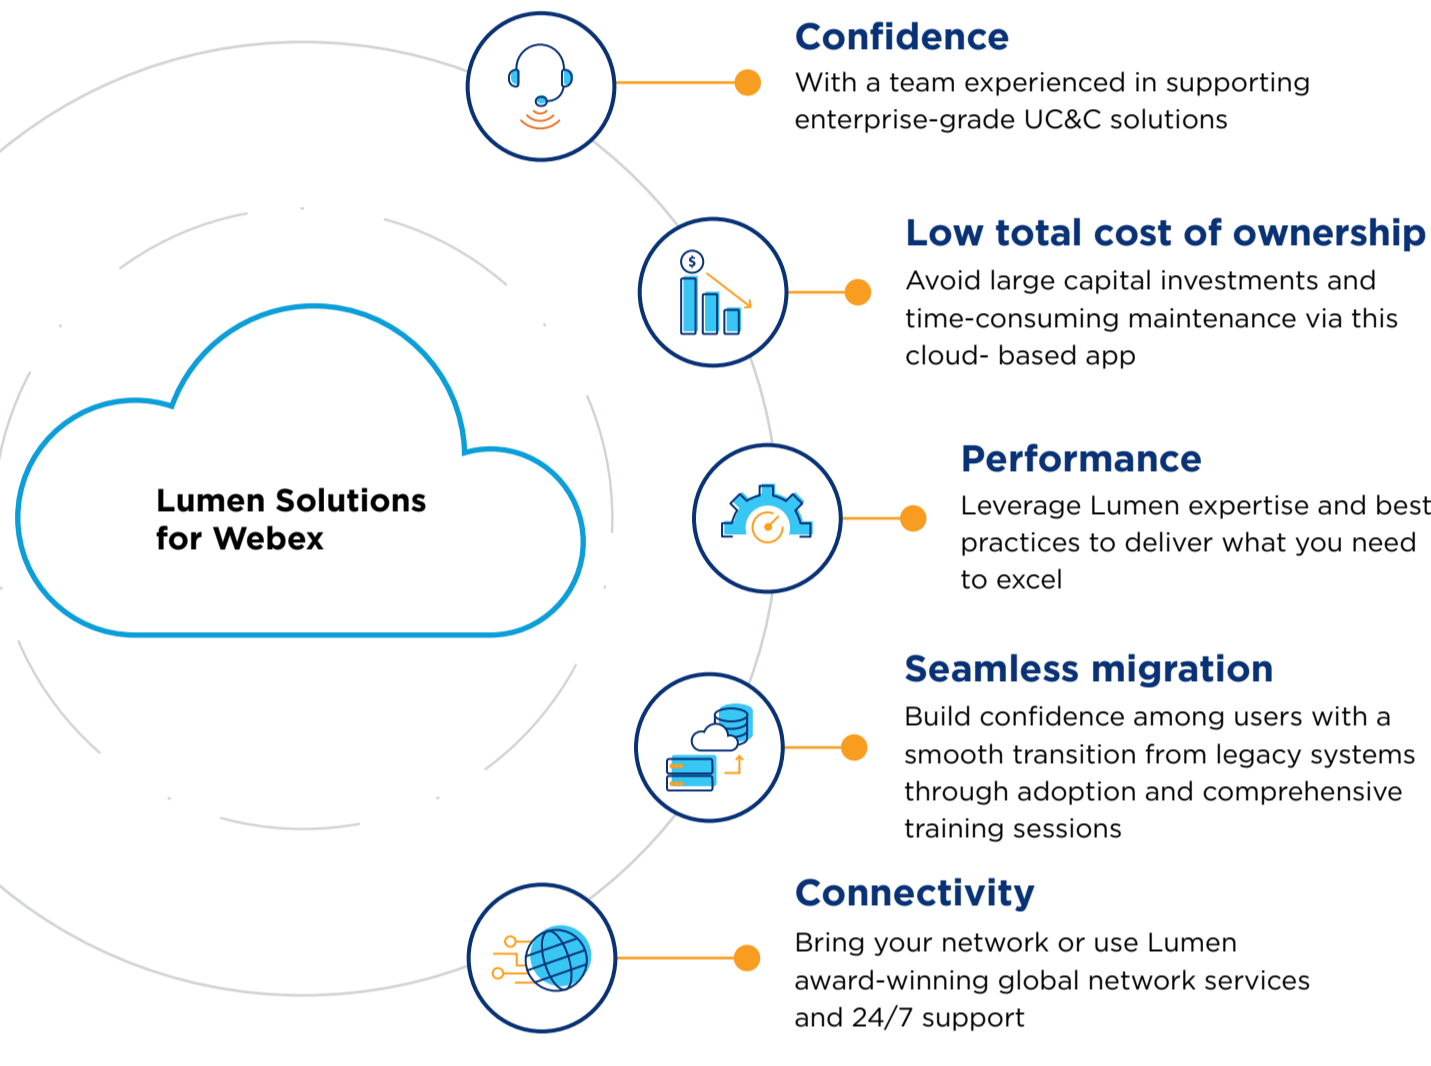

of workers say they would prefer to attend large meetings virtually from home.³

It's easy to do your best work virtually anytime, anywhere when collaborating with Lumen Solutions for Webex
