

Privacy Data Sheet

for Zoom delivered by Lumen

This Privacy Data Sheet describes the processing of personal data by Zoom delivered by Lumen Service (the “Service”).

Lumen is reselling Zoom cloud services to its customers (“Customers”) for use by Customer and Customer’s end users (each an “End User”). Lumen may process personal data Customers provide in the course of providing the Service regarding Customer and Customer’s End Users.

Types of End User personal data

End User personal data may include:

- IPv4 and IPv6 address (source/destination)
- MAC addresses
- Device information
- Device interface information
- Device logs
- Domain names
- Operating Systems
- Latitude and longitude
- NetFlow data such as Port ID and packet sizes
- File information (file name, last modification, size & type)
- Usage information (meeting duration, participant information, session quality metrics)
- Account information (including email addresses)
- Subscription plan information (capacity, add-on features, etc.)

Purpose of processing

Necessary to provide services, and troubleshoot

Authorized personnel with access (and reasons)

- **Lumen personnel:** Troubleshoot and support service
- **Customers:** Through Control Center Customer Portal and Zoom administrative portal with access limited to only that Customer’s End User data
- **Zoom:** Access to Zoom administrative portal to troubleshoot and support service
